

RECENT ADVANCES IN AGRICULTURE, MECHANICAL ENGINEERING AND WASTE POLICY

April 20, 2023

SLOVAK UNIVERSITY OF AGRICULTURE IN NITRA FACULTY OF ENGINEERING

Conference goal:

International Student Scientific Conference is held under the auspices of **prof. Ing. Roman Gálik, PhD.** dean of the FE SUA in Nitra.

The aim of the conference is presentation of scientific and technical results of students from FE SUA in Nitra as well as invited guests from other universities and institutes, working in the area of agricultural and food production machinery and technological equipment.

Contact address:

Ing. Rastislav Kollárik
Slovak University of Agriculture in Nitra
Department of Transport and Handling
Faculty of Agricultural Engineering
Trieda A. Hlinku 2, 949 76 Nitra,
Slovak Republic
+421 37 641 4616
e-mail: xkollarik@uniag.sk

Scientific board of the conference:

prof. Ing. Roman Gálik, PhD., SPU Nitra, Slovak Republic
doc. Ing. Jiří Mašek, Ph.D., ČZU Praha, Czech Republic
Dr.h.c. prof. Ing. Jan Mareček, DrSc., MU Brno, Czech Republic
Dr.h.c. prof. Ing. Miloslav Šoch, CSc., JCU Budějovice, Czech Republic
prof. Ing. Jozef Zajac, CSc., TU Košice, Slovak Republic
doc. Ing. Pavel Beňo, PhD., TU Zvolen, Slovak Republic
Prof. Plamen Kangalov, PhD., „Angel Kanchev“ University of Ruse, Bulgaria
Dr. László Kátai, Faculty of Mechanical Engineering, SzIE Gödöllő, Hungary
Assist. Prof. Goran Topisirovic, Ph.D., Beograd, Serbia

Organizing committee:

doc. Ing. Ján Kosiba, PhD., Ing. Katarína Kollárová, PhD., Ing. Alena Jančušková, Ing. František Adamovský, PhD.,
Ing. Rastislav Kollárik, Ing. Vladimír Madola

Place of the performance and conference languages:

Session of the International student scientific conference will take place at Slovak University of Agriculture in Nitra.
Conference languages will be **Slovak, Czech and English**.

Topics:

- ☞ machinery and mechanization of agricultural and food production,
- ☞ quality and reliability of machinery,
- ☞ electronics, automation and informatics in agriculture,
- ☞ mobile and communal machinery, heat engineering and hydraulics,
- ☞ machines for renewable energy sources,
- ☞ agrophysics,
- ☞ agricultural buildings and their technical equipment.

Conditions of participation:

- ☞ participants must be students of full time or part time studies,
- ☞ all submitted papers has to be actively presented at the conference,
- ☞ organizers reserve the right to form the discuss sections and arrange the papers in these sections,
- ☞ duration of oral presentation for one paper is **max. 10 min**,
- ☞ papers should be sent by e-mail, to the **contact address** until **April 1, 2023**
- ☞ all papers will be published in the conference proceedings with ISBN assignment, and supervisor of the student will be introduced like co-operating author,
- ☞ PC, data projector, overhead projector and video will be available.

20. 4. 2023

8⁰⁰ – 8³⁰ conference opening

8³⁰ - 12⁰⁰ symposia in sections

12³⁰ – 13⁰⁰ conference evaluation and conclusion
